### **The One Page 90 - Day Business Plan**

**Do you know how well prepared your management team is for the next 90 days and for each quarter thereafter?** The One Page 90-Day Business Plan was created specifically to answer this question.

Most executives manage their teams with annual plans. The 90-Day Business Plan is low cost, fast and easy to create and use. **There is no complex terminology or software to learn.** This simple **web-based** tool focuses your team on successfully executing what needs to be done. It provides the perfect framework for your team to concentrate on achieving annual objectives ... 90 days at a time!

#### **The One Page 90-Day Business Plan**

- Facilitates getting things done and delivering results.
- Creates a sense of urgency quarterly.
- Simply & clearly links 90-day objectives, critical activities and resources.
- Quickly gets new team members off to a fast start.
- Supports transformation of team members to effective leaders.
- Promotes collaboration and unity among team members to produce better results.
- Shows how well your team is prepared for the next 90 days... or not and for each quarter thereafter.

Implementation of **The One Page 90-Day Business Plan** is easy. This web-based tool shows team members how to use and create their plan successfully. Because of the 90-Day Business Plan's simplicity, team members are prepared to implement and use it immediately following the training session.

If this high impact, low cost planning system is of interest to you, please contact me for an online 15-30 minute demo and discussion of implementation costs.
