

Enriching the Co-op Board and CEO Partnership

“ Since 1971”

What my Co-op Board and CEO clients often tell me:

“Forging a solid partnership between the Board and CEO is critical for long term success in our organization.”

“We find great value in talking to someone in complete candor and confidence.”

“Retaining a Board and CEO advisor for a second opinion is a valuable resource when making decisions and judgment calls.”

“You have a strong understanding of best practices in board governance that guides your advice to be productive and world class.”

My role is to assist the Board and CEO to:

- Understand their roles and responsibilities
- Define decision making powers & limitations
- Optimize their working relationship & partnership
- Inspire and engage each other to get things done
- Develop and implement a “living” strategic plan
- Use Robert’s Rules of Order to conduct meetings
- Communicate effectively among one another
- Resolve any Conflict

Harvey A. Meier PhD, CMC®
Advisor and Confidant to
CEOs & Boards of Directors
